

Commerce Transcript

I tell everybody I know, that Commerce is the best institution we've ever encountered.

I absolutely love my team at Commerce Trust. I joke with them when I call them my dream team. They're always taking care of me.

Commerce Trust Company provides a level of commitment in how we hire and retain our professional advisors.

We feel that this is extremely important in building our client relationships and as a hallmark of the firm.

I trust Commerce Trust with everything I have, literally down to the last penny.

Our clients are the most important part of what we do at the Commerce Trust Company and they're really at the center piece of the firm.

I just like the personal connection and the delivery of services and the concern.

I had an experience where I had a huge expense and I was panicking,

and they took care of paying it for me and they helped me through it on a personal level as well.

One thing that clients at Commerce Trust Company can always count on is the ability to have responsive client service.

We needed to buy a car quickly. It was two days after Christmas.

I got the operator at the bank, told her what I needed.

Sue Gilpin came on the line, she's fantastic, and in five minutes the transfer was made. The dealership had the down payment.

I know when I wake up every day, that Commerce has my back.

Commerce knows who I am. They're going to respond to my needs

and they're going to be friendly, but they're going to do 10 out of 10 work at every occasion.

Commerce Trust Company, a different kind of trust.
